Increase your profits!

Seaport Freight Services can help you to reduce your import costs and improve your profits!

By paying for ocean freight in the UK and avoiding the increasing amount of incentives currently paid to shippers in India, we can minimise your import costs and help to improve your margin.

Weekly sailings, good transit times and friendly, efficient service means that you won't be sacrificing quality for cost.

Check the rates overleaf to see how much you could be adding to your profits.

Benefits of using Seaport Freight for consolidation

With 27 years industry experience and over 10 years operating our weekly consol service from Mumbai with the same partner, your cargo will be in good hands!

Our consolidated containers are removed promptly to our Customs approved premises where your goods are carefully unloaded and stored safely ready for clearance and delivery.

We'll happily attend to all Customs formalities and arrange delivery anywhere in the UK at very competitive rates and we'll also provide you with a dedicated account handler to keep you informed every step of the way.
